Read the following passage and circle the letter A, B, C or D to indicate the correct word that best fits each of the numbered blanks from 26-30. (1.25 points)

The practice of hitting children teaches them to become hitters themselves. Extensive research data is now available to support the direct correlation between corporal punishment in (26) _____ and violent behavior in the teenage and adult years. Virtually, all of (27) _____ most dangerous criminals were regularly threatened and punished when they were children.

Punishment gives the message that "might make right," that it is okay to hurt someone smaller and less powerful than you are. The child then feels it is appropriate to (28) _____ younger or smaller children, and when he becomes an adult, feels little compassion for those less fortunate or powerful than he is, and fears those (29) _____ are more so.

Children learn best through parental modeling. Punishment gives the message that hitting is an appropriate way to express one's feelings (30) _____ to solve problems.

Question 26: A. child B. childhood C. children D. childlike
